The One-Stop Solution
For Service Station

COMPANY
INTRODUCTION

Hongyang Group is specializing in research, design and production of fuel dispenser, LPG,CNG,LNG and fuel-related equipment. It has more than 500 working staff and an area of 26000 m². Since its founding in 1992, it has gained dozens of certificates, either domestically or internationally. The products have well accepted in more than 60 countries and area, such as South-east Asia, Africa, Middle East and South America.

COMPANY STRUCTURE

Hongyang Group is the one and only fuel dispenser and fuel-related equipment maker in China, which has been designing its own electronic, mechanical, and forecourt management system. The R&D and production of the whole electronic, mechanical and software are in the same factory, so it is easy and effective for quality control and management.

R&D
department

Complete R&D department with electronic, software, mechanical, sheet metal CAD

MCU development

Software design

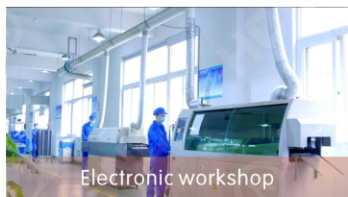

Mechanical parts development

Sheet metal CAD

Production Department

Modern workshop, comprehensive equipment, integrated production, it's a sole manufacturer of mechanical parts and electronic components together in China.

Electronic workshop

Metal-working workshop

Assembly workshop

Warehouse

Quality management Department

Strict quality inspection and management

Raw material inspection

Electronic Components inspection

Mechanical Components inspection

Ex-factory inspection

Purchasing Department

Accountant Department

Sales Department

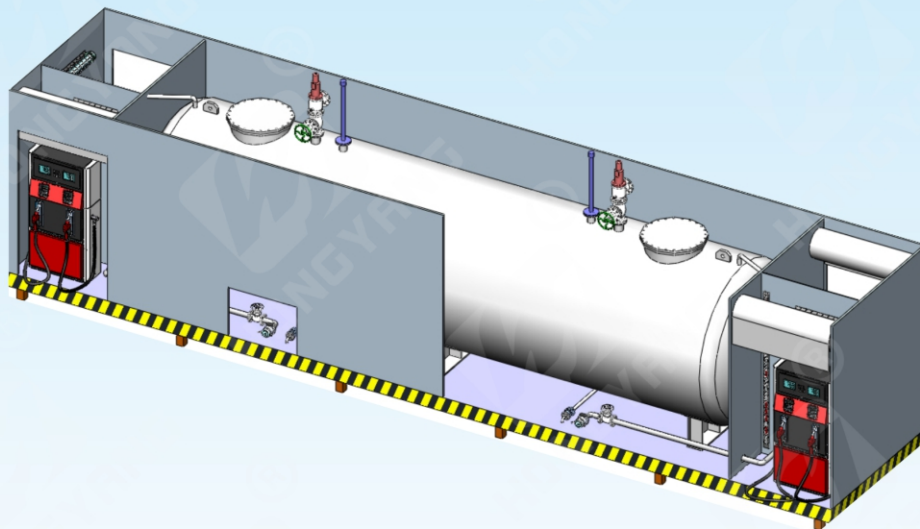

After-Sales Department

FUELING STATION SHOW

1. 20ft or 40ft standard container
2. One Fuel dispenser WITH Two NOZZLE for petrol and diesel
3. Fire extinguisher *2
4. Electrical distribution box (electrical panel control for all the station)
5. Fuel filter
6. Lighting
7. Vent and its valve
8. Dipstick ,cap and its port
9. Static grounding alarm device
10. Manhole and its cover
11. Ball valves and pipelines
12. Adjustable logo
13. Fuel storage tank
14. liquid level meter
15. Camlock fill adaptor with cap
16. oil loading pump (without the pump deduct 500USD)
17. 380Kw generator
18. customizable logo

● Main Features

- ★ Full equipped and completely autonomous
- ★ High movability and manoeuverability
- ★ Need very little preparation work
- ★ Solid framework and casing
- ★ Only need 3 hours to be possible to operate
- ★ High stability and safety, no land cost
- ★ The whole body is remanufactured from 300 foot standard container
- ★ The equipment is installed in the container
- ★ Wide applicability: motor car, truck, port, airport and campsite
- ★ If multi-oil products, a door as an entry channel is installed on the top of the container above the entry hole of each oil-storage unit
